1. Scope

This specification document is applicable for the fixer for water leakage sensor (PS-1).

2. Outside Dimensions

3. Specifications

Name	Fixer (for concrete terrace laying) Model: PS-1
Material	Nylon resin
Fixing method	Knocked into the pin
Appearance	12×12×5.5 (at the sensor laying) (Unit: mm)

4. Operating Precautions

- 1) In the fixer (PS-1) laying, please note that the pin is prohibited from touching the water leakage sensor.
- 2) Please note that the fixer (PS-1) cannot be used sometimes because of the quality of concrete material.
